# September, 1934 Price List of Superior Glads

In this list, you who are Glad fans will find a select list of the better Glads, particularly of the newer varieties, many being offered for the first time in this country. Not all of the new ones have been grown sufficiently to determine their merits and doubtless some of these will soon be omitted from the list of "Superior" varieties. However, I believe that most of those listed are well worth while.

My planting this season has been about double the size of that of any previous year and I anticipate the best crop of bulbs that I have ever harvested. Even so, many of the more rare varieties are likely to be sold out early in the season and if you want some of these sorts, early ordering is advisable.

As yet, no definite plans have been made for the spring catalogue but I expect to issue a descriptive catalogue about Jan. 1st. While no descriptions are given in this list, I am giving the names of the originators of some of the varieties just introduced. Those who have not ordered bulbs recently or asked for catalogue in the last year or two will perhaps fail to receive the new issue without asking for it again.

Christabel and Flaming Meteor are being well received in many sections and good reports have been coming in on these two. Serenade has not been well distributed. It is more of a fancier's flower and not as strong in growth as the other two. Thor has been disappointing the last two years. It appears to take good culture and plenty of water to do well. While I have good stocks of several promising seedlings, I do not intend to introduce any this season but prefer to hold them until more fully satisfied as to their merits.

## Terms

On orders of \$5.00 or more, you may deduct a cash discount of 10%; 15% discount on orders over \$20.00. These discounts apply to cash orders and do not apply on collections offered on the back page.

Prices prepaid except on foreign shipments of large bulbs listed at less than \$5.00 per 100, where 50c per 100 should be added to list prices.

Bulbs free from thrips, true-to-name, and healthy. Delivery about Dec. 1st to 15th or in the spring with coast shipments made any time except in most severe cold spells. Varieties starred may be purchased in ten times the listed quantity at eight times the listed price. For instance, Pelegrina, which is listed at \$1.60 per 10 large bulbs may be purchased at \$12.80 per 100. One bulb of a kind may be ordered at one eighth the ten price where the item does not total less than 10c. Five bulbs at the ten rate, 25 at the 100 rate and 250 at the 1000 rate. If interested in quantities of Picardy, Bagdad, Spray of Gold, Christabel, and Flaming Meteor, write for prices.

Seed from the best varieties, mostly recent novelties, at 50c per packet.
